How do I make a payment?

Payments can be made with the following options:

- 1) Student Portal – Payment can be made directly in the Student Portal > Financial > Program Fees Payment. This accepts credit card and is our fastest payment method.
- 2) Web Banking – Make a payment directly through your Mobile Banking App by adding Conestoga College as a payee and using your Student ID as the account number.
- 3) Flywire or Convera (international funds) – Information can be found on our website > International > Apply to Conestoga > Fees and payment > Payment options

Can I have an extension/ installment plan of my payment due?

We do not offer extensions or installment plans. Our Payment Schedule is available to eligible students in Level 2 or higher (not available to Level 1 or students with an offer letter) – this options allows students to pay 50% of their fees by the due date and the remaining 50% **three days before the start of classes**. Note, it costs \$200 to opt into the Payment Schedule, and if it is added after the Payment Due Date, a \$150 late fee will be applied. To opt into the Payment Schedule students must complete the following:

- 1) Confirm their invoice on the Student Portal
- 2) Pay 50% of their invoice due (not their full total due, but the current invoice due)
- 3) Once their fees are received, opt into the Payment Schedule on the Student Portal > Financial > My Invoices.

Why has my payment not been posted to the Student Portal/ Can you confirm my payment?

Payments can take up to **3-5 business days to be processed** and reflect on a student's account. Once the payment has been posted, a receipt will be available on the Student Portal, Financial Tab. For Level 1 International Students, a Confirmation Letter can be found on the OCAS Portal.

How much do I owe for Winter 2024?

If you are unable to see your timetable, you may owe fees for the Winter 2024 Term. Please see your Student Portal, under the Financial tab for your amounts due.

To find your current balance, take your **Total Due** amount and subtract **future billing**.

(Total Due – 2024 Spring = Remaining 2024 Winter)
